Cal EOC Incident – 2014 Drought

SOC / Inland REOC remains activated in support of 2014 Drought.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

The most notable aspect of our weather during the next 48 hours will arguably be gusty Northerly winds East of the Cascades strongest and possibly approaching advisory levels in Lake County on Tuesday afternoon and early evening.

Eureka Weather:

The upper level trough over the area continues to bring some showers to the area this morning. Gusty North winds are expected along the coast this afternoon. After a chilly night tonight high pressure builds into the area bringing warming temperatures and dry conditions through the week.

Reno Weather:

A strong cold front will continue moving through the Sierra and Western Nevada this morning. Snow showers will occur behind the Front today with the heaviest band expected along I-80 this morning. The upper low will continue to influence area weather into Wednesday as it slowly pulls east with scattered showers and cold temperatures. Mild and dry weather returns for late week.

San Francisco Weather:

An upper level low dropping south into California today will result in cool conditions along with slight shower chances over the hills this afternoon and evening. In addition locally strong and gusty northwest winds will occur today mainly near the coast. Slightly cooler than normal temperatures will continue through midweek before a gradual warming trend occurs during the second half of the week.

Sacramento Weather:

A cool weather system settles in over the interior West through Mid-week resulting in cool and breezy weather for Northern California along with scattered showers over the mountains. Minor snowfall accumulations will be possible over the Northern Sierra. Dry with warmer temperatures by end of the week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Medford Weather:

The most notable aspect of our weather during the next 48 hours will arguably be gusty Northerly winds East of the Cascades strongest and possibly approaching advisory levels in Lake County on Tuesday afternoon and early evening.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New Cal OES Law Missions

2016-LAW-22083, 3/26/16, 2130 hours: The Air Force Rescue Coordination Center (AFRCC) notified the CA State Warning Center of a PLB Activation. The PLB was reported stolen from Sab Pablo, CA. AFRCC advised the device has continued to alert after several satellite passes plotting near Cutting Blvd. between 18th & 19th Street So. in the City of Richmond, Contra Costa County. LDO notified Richmond Police Department of the activation and location. A Richmond Police Officer was dispatched to investigate. The officer checked the area and advised they were unable to locate the PLB or anyone in distress. AFRCC was contacted and advised the PLB is continuing to sound. **UPDATE: 3/27/16, 0730:** per AFRCC the PLB continues to sound. A Civil Air Patrol Team (CAP) is being assigned to work with Richmond Police to locate and silence the device. **Update 1540 hours,** CAP located and silenced the PLB. The person who was in possession of the PLB (a junk collector) turned it over to CAP who returned it to San Pablo Police Department.

Environmental Health Training in Emergency Response (EHTER)

This new course trains participants to identify problems, hazards, and risks; plan for team response; select appropriate equipment and instrumentation; perform required tasks using environmental health response protocols; and report and participate in follow-up activities as instructed. Most of the course involves hands-on operation practice and response to simulated events. [Course Information](#)

Target Audience/Disciplines

- Individuals currently serving as Environmental Health Responders assigned to a local, State, Territorial, or Tribal Emergency Response Team, performing environmental health tasks in emergencies and disasters.
- FEMA covers all training costs (travel, lodging, and meals) for state, local, and tribal responders taking the course.
